

## DO IT FOR OTHERS

Waking, walking, eating, talking  
Whatever you do all day  
Driving, writing, work or play  
Do it for others, do it for others, do it for others  
If you want to feel happy, cherish others  
Do it for others, do it for others, do it for others

Thinking, caring, breathing, sharing  
Feeling depressed or glad  
Feeling elated or sad  
Do it for others, do it for others, do it for others  
If you want to feel happy, cherish others  
Do it for others, do it for others.

Cooking, hoping, laughing, moping  
Want to make your life feel fine?  
Care for others more than mine  
And do it for others, do it for others, do it for others  
The only reason to live is to cherish others  
Cherish others, do it for others, do it for others  
Do it for others, do it for others, do it for others.
