

## SEVEN LIMB PRAYER

It's a gentle touch, an easy breath  
Sitting so softly, thinking about death  
Blowing my heart right out of the dark  
Come with me, along the freedom road

I humble myself to the great big mind  
That cares for each of us all of the time  
Nothing to do and nowhere to go  
Come with me, along the freedom road

Happy to give me and mind away  
Tasting the beauty in every day  
The more I give the more I get  
Dance with me, along the freedom road

Without guilt or shame I regret the pain  
My blindness caused, I'll never do it again  
But it's all okay, mercy paves the way  
Come with me, along the freedom road

Blast into the light of gratitude bright  
Joyful in all of our virtuous might  
Cloudy skies will part, rainbows will glow  
Dance with me, along the freedom road

I remember the great ones, present and past  
Glorious blessings, forever they'll last  
Please show me the way, I don't want to stray  
Please guide me along the freedom road

Whatever goodness, all I create  
Around the world it reverberates  
May it never die, only to grow  
And take everyone, along the freedom road
