

## THREE PRINCIPLES OF THE PATH

Chorus:

Any action that I do with one of these three thoughts  
Only brings us close to world peace and gone beyond happiness

Please listen while I tell you these three thoughts

You who seek liberation

Future experience comes from present thought

So set your pure motivation

(Chorus:)

Things of this world are to use but not to grasp

Grasping binds to sorrow's wheel

Craving, grasping from my mind must pass

Our chance for liberation, it will steal.

(Chorus:)

I remember everyone was my mother

And all their sufferings I cannot bear

I live my life to serve and cherish others

Armor of light, gladly I wear (

Chorus:)

Every thing we perceive is deception

Out there, real and true

Like a dream is true perception

The first step towards the right view.

(Chorus:)
