

## YOUR BREATH SLIPS AWAY

Attachment raging Intent blazing  
The sun is tearing up the night  
Elephant stares in the dawn

Pride is ignoring  
Wisdom is snoring  
The ocean defiles its own waves  
Red dog stares at noon

I dare you to step outside Y  
our breath slips away  
Your breath slips away Slip away

Jealousy roaming  
Dark heart foaming  
Flower produces barren seed  
Green horse stares in hell  
Ignorance groping  
Hungry and moping  
Wishes for happiness all in vain  
Sweet milk squeezed from a bull

I dare you to step outside  
Your breath slips away  
Your breath slips way  
Slip away

Hatred shining  
Lonely heart pining  
Tossed and beaten in emotional tide  
Gray rivers fill black seas

I dare you to step outside  
Your breath slips away  
Slip away
